Professional Summary

Motivated Computer Science student at the American University of Sharjah (GPA in progress, graduating June 2027) with hands-on experience in IT support, network troubleshooting, and software development. Certified in AI Fundamentals (IBM) and Cybersecurity (Cisco). Seeking a summer 2026 internship in Networks, Software Engineering (Python/C++), or Cybersecurity to apply technical skills in a professional environment and contribute to impactful projects.

EDUCATION

B.Sc. Computer Science · American University of Sharjah — College of Engineering Aug 2023 – Jun 2027

- Relevant coursework: Data Structures & Algorithms, Object-Oriented Programming (C++/Java), Computer Networks, Database Systems, Web Development, Discrete Mathematics
- Active member of Web Dev Club (PR Coordinator) and Society of Cybersecurity Club

EXPERIENCE

IT Support Assistant · AUS Information Technology Department 2025

- Diagnosed and resolved hardware/software issues on 50+ student and faculty devices, reducing average ticket resolution time
- Restored user accounts and resolved Active Directory / network access problems
- Deployed, configured, and patched system software and OS updates across lab machines
- Produced clear technical documentation of recurring issues and resolutions for the IT knowledge base
- Delivered front-line user guidance, improving end-user satisfaction scores

Public Relations Coordinator · Web Dev Club — American University of Sharjah 2025 – 2026

- Planned and executed 5+ technical workshops and collaboration events, growing club membership
- Negotiated promotional partnerships with external vendors to raise event engagement

PR Subcommittee Member · Society of Cybersecurity Club — American University of Sharjah 2025 – 2026

- Secured sponsorships and vendor partnerships for cybersecurity awareness events
- Supported club outreach efforts to promote cybersecurity awareness across campus

TECHNICAL SKILLS

Programming Languages	C++ (OOP, Pointers, Dynamic Arrays) · Python · Java · JavaScript · SQL · HTML/CSS
Networking & Security	TCP/IP · Cisco Packet Tracer · Network Configuration · Intro to Cybersecurity (Cisco)
Tools & Platforms	MATLAB · VS Code · Microsoft 365
AI / Data	Machine Learning concepts · Deep Learning fundamentals · IBM AI Fundamentals (certified)
Soft Skills	Team Collaboration · Technical Communication · Project & Time Management · Creative Problem-Solving · Presentation Skills

CERTIFICATIONS

IBM — Artificial Intelligence Fundamentals	2025
Cisco — Introduction to Cybersecurity	2025
UST — Create Your First Python Program	2024
